These frequencies protect the body from harmful electromagnetic frequencies (EMF's) and bring the body into balance and energetic homeostasis.

Benefits

- Protects the body from exposure to Electromagnetic Frequencies (EMF's) from items such as cell phones, hair dryers, laptops, microwave ovens, etc.
- Transforms harmful electromagnetic frequencies into beneficial frequencies for the body.
- Contains Blueprint frequencies that bring the body into balance and energetic homeostasis.
- Sirius Earth Hearts can be applied to smaller items with lower EMF's while Sirius Earth Strips can be applied to larger items or higher EMF's.
- As few as four Sirius Earth Strips can be applied to the electrical box to protect an entire house.

How Frequencies Benefit the Human Body

It has been discovered that the cells in the body vibrate at various frequencies depending on their state of health. ZeroPoint has identified specific frequencies that match the optimum state of health for each of the body's organs and systems. These are called Blueprint Frequencies.

When exposed to Blueprint Frequencies in the Earth Hearts or Strips, the body begins to 'resonate with the frequencies' that are in the Sirius Earth Hearts or Strips. This is similar to a tuning fork that will pick up the frequency (sound) of another tuning fork in its vicinity. When they are close to one another, they will both begin to 'resonate at the same frequency'.

When the organs and systems of the body are attuned with the frequencies that are in the Sirius Earth Hearts and Strips, the body returns to a balanced state. The body is able to protect and heal itself when it is in balance.

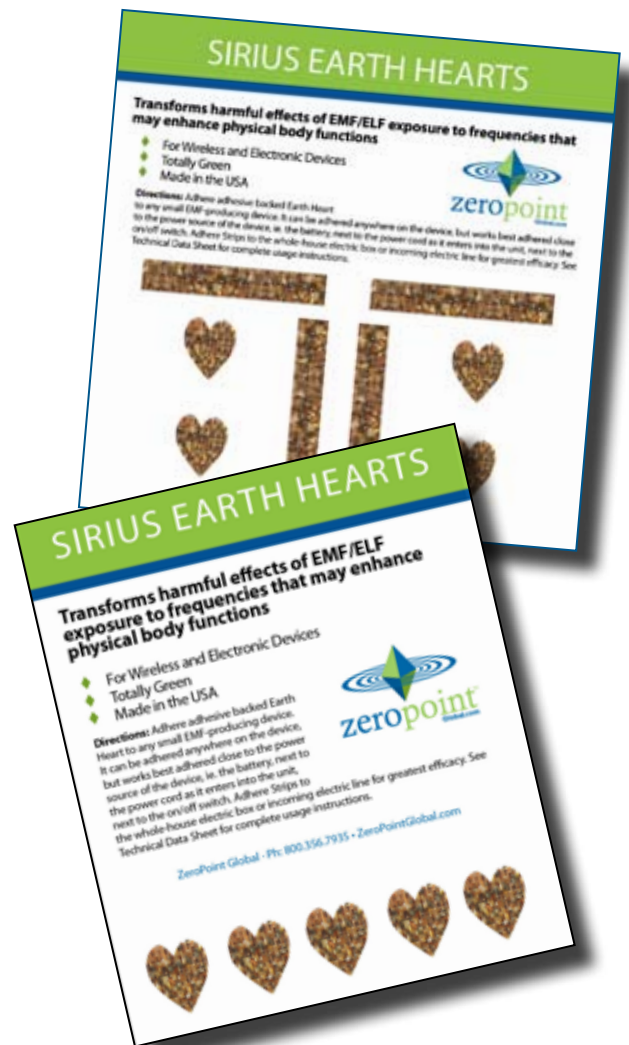

Testimonials

"Over the last 10 years or so, I noticed that on the bone behind my ears as well as other areas of my skull felt like they were bruised when I touched them, and I was getting terrible headaches periodically. The pain to the touch had gotten to the point that it was always there. It didn't occur to me that it was from my cell phone, but I did purchase a cell phone protection device. A year later, the pain was still there with the same intensity. Last year, I put the ZeroPoint Earth Heart on my phone, and I noticed that the pain was completely gone, my headaches were gone, and several months later, they still have not returned!" - Lisa L., FL

"I have Earth Hearts on our cell phones, computers and a few other electrical things in my house. I have always been sensitive to the electro magnetic frequencies (EMFs) put out by electronics and sometimes have felt nauseated because of the harmful energy these devices emit.

With the Earth Hearts I felt an immediate lessening of my EMF induced symptoms. When I'm on my computer the energy I feel from the computer is now much more gentle. I don't use my cell phone enough to really notice a difference, but I do feel reassured when I place my phone in my pocket that I am being protected from the waves being emitted. I even put an Earth Heart on my ipod and feel much more relaxed about using it, as it clips onto your clothing and sits next to my body as it plays. The small size of the Earth Hearts makes placing it on tiny devices easy and discreet. I can't wait to get more hearts and put them on the other electronics I use on a regular basis." - Dakotah D., KS

"For years whenever I talked on my cell phone for more than 30 minutes my ear would get hot and I would keep switching sides. I didn't realize until I placed an Earth Heart on my phone that it is not supposed to do that! The heat was from the EMF radiation and now I can talk for hours on my cell phone with no 'hot ear'! I have also placed 2 Earth Hearts on my laptop. I spend several hours most days working on the computer and while I used to feel fatigued and have sore shoulders most days now I do not. Thank-you!"
